Interstate 5 South Corridor Improvement Projects

FOR IMMEDIATE RELEASE

Northbound I-5 Lane and Ramp Closures

Between Valley View Avenue and Carmenita Road

Santa Fe Springs – The California Department of Transportation (Caltrans) has scheduled nightly lane and ramp closures on the northbound Santa Ana Freeway (I-5) beginning Tuesday, September 4 and continuing through Friday, September 7 from 11:59 p.m. to 4 a.m. Overnight construction activity will take place on northbound I-5 and at the northbound I-5 on-ramp at Alondra Boulevard.

LANE CLOSURES:

Northbound I-5: Up to two lanes will be closed between Valley View Avenue and Carmenita Road. One freeway lane will remain open at all times. All lanes will re-open by 4 a.m. in time for the morning commute.

CLOSED RAMPS:

Northbound I-5: The Alondra Boulevard on-ramp will be closed. Motorists are advised to access northbound I-5 at the Carmenita Road on-ramp.

Signs will be posted. The closures are weather-permitting and are subject to cancellation.

The work involves the placement of eleven bridge support beams for the North Fork Coyote Creek structure as part of the \$110 million I-5 HOV Widening and Alondra Boulevard Bridge Project. The project will construct one carpool and one general purpose lane in each direction, from North Fork Coyote Creek Bridge to Marquardt Avenue, reconstruct overcrossings at Alondra Boulevard and North Fork Coyote Creek, and realign and upgrade adjacent frontage roads. The contractor is C.C. Myers, Inc. of Anaheim, Ca.

Information about the I-5 South Corridor Improvement Projects is available by calling the toll-free I-5 Hotline (855) 454-6335 or visiting www.I-5info.com
